GitHub : <https://github.com/Ayyappan002>

LinkedIn : <https://www.linkedin.com/in/ayyappan>

## SUMMARY :

I am a motivated B.Tech graduate specializing in Artificial Intelligence and Data Science. I aim to leverage my technical expertise and innovative approach within a forward-thinking organization. I am dedicated to continuous learning, effective teamwork, and contributing to the achievement of organizational goals.

## Experience :

### ManikasInfotech Private Limited

Jun2024 – Jan 2025

#### Internship

- Manual testing using Agile methodology
- Web-page creation using Google Domains and GoDaddy
- Basics of IoT through Arduino Cloud

## SKILLS:

Core Java   CSS Flutter   GoDaddy   HTML   Java   Manual Testing   Microsoft Excel  
Microsoft Word   Python   SQL   Rest API   CI & CD   React

## PROJECT :

### Tuberculosis Detection in Chest Radiography

11/2022 -05/2023

- Chest radiography (CXR) is a sensitive and essential tool for the detection and screening of tuberculosis (TB), as recommended by the World Health Organization (WHO).

### Student Daily Attendance System Using Face Recognition

06/2023 -04/2024

- A student daily attendance system using face recognition is an automated, contactless solution that leverages artificial intelligence and computer vision to identify students and record their attendance in real-time, eliminating manual roll calls and proxy attendance. The system offers high speed, accuracy, and efficiency for educational institutions

### Weather app

04/2025 -06/2025

- Building a weather app is a great project for learning core React concepts like components, state management, and API integration.

### Text to speech

07/2025

- I can implement text-to-speech (TTS) in JavaScript using the browser's built-in Web Speech API, specifically the Speech Synthesis interface. This client-side approach requires no external libraries or APIs for basic functionality and is supported by most modern browsers

## EDUCATION :

### Bachelor of Technology in Artificial Intelligence and Data Science

Jun 2020 - Apr 2024

Muthayammal Engineering College, Anna University

CGPA : 7.5

## ADDITIONAL INFORMATION :

- **Languages:** Tamil, English, Telugu
- **Certifications:** HTML, CSS, Java Development, Fullstack Development (ManikasInfotech)
- **Awards/Activities:** Build Your Own Website
